pour l'Industrie du Futur

Advanced Manufacturing Meetings is back to Clermont-Ferrand for its third edition. More than 350 companies have already gathered to meet each other over 2 days to discuss on the factory of the future, its new processes and means of production (Digital factory, Factory 4.0...).

Through a unique concept combining preplanned BtoB meetings with targeted contacts and high level conferences, **Advanced Manufacturing Meetings** is the perfect place for participants to: meet with potential industrial partners, learn more about the latest innovations and gain insight on the market trends.

WHO CAN ATTEND?

Suppliers & service providers:

- **Processes** (*prototyping, additive manufacturing / 3D printing, metrology...*)
- **New Processes / Factory of the Future**
- **Capital goods** (*robotic : implementation of processes, tools & accessories for workshop machinery...*)
- **Electronics & Electrical**
- **Studies & developments** (*mechanical design, digital mock-up, factory layout and flow simulation, process optimization...*)
- **Mechanical & Metals**
- **Plastics**
- **Logistics & related services**
- **Digital Transformation** (*Big data, Advanced robotics, Connected objects...*)

Decision makers & buyers

from the following fields:

- **Aerospace / Defense**
- **Medical / Biomedical / Healthcare devices**
- **Automotive**
- **Ship Buildings**
- **Rail Manufacturing**
- ...
- **Representative from:**
Purchasing, R&D, production, technical or general management...

HIGHLIGHTS

ONE-TO-ONE MEETINGS

abe pre-arranges meetings for the supply chain, procurement, technical teams, suppliers and contract manufacturers, through a unique platform which allows participants to select the companies they would like to meet with and to validate invitations from companies that requested a meeting with them: an outstanding tool which not only saves time but helps you to meet the right people.

CONFERENCES & THEMATIC WORKSHOPS

The conference and workshops program is an excellent opportunity for participants to see and hear about the newest innovations and projects developments and challenges.

INNOMAT – Advanced Materials Meetings, co-located with AMM, is the essential meeting place for any companies seeking or offering solutions in the advanced materials domain.

A RECOGNIZED AND EFFICIENT METHODOLOGY

1

Fill out your registration form, describing your **expertise/services** that you offer and/or your **projects/requirements**.

2

Consult the event catalogue where you will find the projects, requirements and services of each participant. Send and receive meeting requests. Only meetings confirmed by both parties will be organized so that you meet the right people.

3

Receive your **personalized meetings schedule** based on your meeting choices.

4

Meet your contacts for **30 minute individual meetings**.
